

Chesapeake Sport Pilot -- Sensational Seaplanes Spring Picnic

At this informative seminar you will learn how to become a safer and more proficient pilot through participation in the WINGS Program. It is available via the Internet to all pilots at all certificate levels. Learn how you can maintain proficiency by participating in ongoing aviation educational learning and skill-building events with an instructor. We will discuss the FAA Safety Program, accident history, and how WINGS can substitute for a Flight Review. Whether a land or seaplane pilot, this seminar will inform and entertain, so sign up below TODAY.

Directions: The event is located in the hanger at Chesapeake Sport Pilot's building, street side and center of the main ramp on the runway side of the building.
